

Trauma Advisory Committee Ad Hoc Group Minutes

March 30, 2001
10:00 a.m. – 3:00 p.m.
EMS Authority
1930 9th Street
Sacramento, CA

Attendees: Pat Bennett, RN; Barbara Center, RN; Cristy Preston, RN; Randy Kinkade, RN; Leonard Inch; Suzy Baulch, RN; Carol Shagoury-Harper; Bonnie Sinz, RN; Donna Nicolaus

Approval of Agenda

Discussion: Need to discuss:

- (1) The purpose of the State central site
- (2) Collection of non-trauma center data

ACS Consultation for Trauma Systems Document

Discussion: Document was reviewed and revised to reflect each Ad Hoc member's trauma registry capabilities. See attached.

Current Trauma Registry Review

Discussion: Members discussed their system's trauma registry (see attached inclusion criteria.) Leonard suggested sending an invitation to Wayne Copes to give a presentation on state trauma registry development.

Conclusions: It was decided that an invitation for Wayne Copes to speak to the group would be valuable as long as the presentation was kept generic and did not reflect Trianalytics as a software vendor.

Action items: Invite Wayne to next meeting.

Person responsible: Leonard and
Bonnie

Action Plan Development

Discussion: Future agenda items to include:

- (1) Definition of trauma patient for purposes of statewide registry
- (2) Develop short and long term goals

There will be a need to coordinate with the EMS for Children Technical Advisory Committee and Data Ad Hoc Group in addition to getting direction from the Trauma Advisory Committee.

Members developed draft objectives based on the need for statewide trauma data (see attached.)

All members agreed that success of this Ad Hoc Group would be dependent on the participation of Southern California as Orange County, San Diego County and Los Angeles County have mature trauma systems with the majority of the trauma data in their registries collectively. Mechanisms to ensure their participation will be discussed at the next meeting.

Next Meeting Date/Location

Action items: Meeting to be arranged in San Diego based on availability.

Person responsible: Bonnie
